

QUALITY PRODUCTS

ISO 9001:2015

www.qprod.com

Precision CNC Milling and Turning, Laser Cutting, Metal Fabrication and Certified Welding

Core Services

CNC Milling
 CNC Turning
 Laser Cutting
 CNC Forming
 Certified Welding
 Assembly
 ZEISS CMM (36" x 78")
 3D Model/Programming

Materials

Nickel Alloys
 Stainless
 Carbon & Alloy Steel
 Tool Steel
 Aluminum
 Brass
 Copper
 Engineered Plastics
 Titanium

Machining Equipment	
5	CNC Turning Centers, 1 with Live Tooling
11	Vertical Machining Centers (40in x 120in)
4	4-Axis Vertical Machining Centers
3	Multi-Pallet Vertical Machining Centers
2	Multi-Pallet Horizontal Machining Centers
4	CNC Tool Mills

Fabrication Equipment	
2	CNC Lasers (up to 4,000W and 60in x 192in)
1	CNC Turret Punch Press
2	CNC Single Station Punch Presses
3	Brakes (.25in x 156in)
1	Precision Squaring Shear
3	Spot Welders up to (75KVA)
2	Tube and Angle Roller
2	Sheet Metal Roller
8	MIG/TIG Welding Machines
4	Vibratory and Barrel Finishing Machines

Who We Are

Quality Products is an ISO 9001:2015 registered, ITAR certified, Custom Manufacturing Company in Charlotte, North Carolina. We provide precision machining and fabrication services for OEM manufacturers throughout a broad range of industries.

Fast Facts

- Founded in 1962
- 47,000 Sq. ft. State of the Art Facility
- Highly Experienced, Solution-Oriented team
- 3 and 4 Axis High Speed CNC Machining Capability
- Machined Parts up to 120" in Length
- Full Service Fabrication and Assembly
- ISO 9001:2015 and ASME Section IX and AWS D1.1, D1.2, D1.6
- CMMC NIST 800-171-Level 1

Value Added Expertise/Services

- Reverse Engineering
- Prototype to Production
- First Article
- Manufacturing and Assembly Integration
